To Whom It May Concern:

At the October 3, 2013 meeting of the Huntington Community Association, the members and residents present voted in favor of supporting the proposed A & R Companies rezoning application (RZ 2013-MV-001). For a number of years the community has been working with representatives from Fairfax County and A & R Companies on possible redevelopment of this site and the potential future redevelopment of the remainder of the block. Representatives from A & R Companies have actively sought the community's input on the design for the property and have been responsive to the concerns expressed by residents. The Huntington Community Association believes this project will enhance the neighborhood.
